2. Write down phone numbers, names of doctors seen etc.
3. Investigate the health condition.
4. Find out what you can about your condition to enable you to understand more about your possible treatment.
5. Take a list of the questions you want to ask the Doctor and/or Specialist Nurse.
6. Make a note of the answers afterwards.
7. Plan ahead.
8. Think of all the likely pitfalls and discuss any concerns with a member of the Health Connections team, as they may be able to assist you or direct you to another service provider.
9. Arrange a team of friends who can help you communicate news.

Services involved with the Referral Process

When your Doctor or Consultant decides to refer you to the UK for medical treatment, they will write to the Medical Consultant at the designated UK Hospital as well as informing the Off-Island Travel Team at Health & Social Care (HSC). HSC will then advise the Employment and Social Security (ESS).

Referral Process

The Committee for Employment and Social Security

On receipt of your appointment or admission date please contact your consultant or their assistant at the Medical Specialist Group. They will inform Employment and Social Security (ESS), who will contact you to arrange your travel needs.

Tickets with some flexibility will be issued if your return date is in doubt. However, should the hospital need to change your appointment or admission date, new tickets will be provided. ESS will give you a contact number should you need to change your return booking out of office hours.

Onward travel from the airport to the hospital will be arranged at the same time. If your doctor confirms that due to medical reasons you are unable to use rail, underground or bus then funding of a taxi will be considered. For hospitals in Southampton a taxi is provided to and from the airport. Please inform staff when booking your travel if you require a wheelchair/accessible taxi as this will need to be booked in advance.

If you do not have time to apply for funding before you travel, keep all your ticket confirmations and receipts and contact the Travel Grant Section on 01481 222510 or call into their office at Edward T Wheadon House on your return to claim a refund. The Travel Grant Section is on Level 2; a lift is available if you are unable to use the stairs.

Important: The Reciprocal Health Arrangement

The Reciprocal Healthcare Arrangement (RHA) with the UK came into effect on January 1st 2023. This allows the necessary healthcare to be provided to Bailiwick residents visiting the UK and vice versa. The arrangement will also allow certain treatments to be arranged in the other jurisdiction ahead of travel that will also be free of charge e.g., dialysis treatment. Necessary healthcare refers to treatment that is urgent or cannot wait until the patient has returned home.

The RHA extends to the whole of the Bailiwick, visitors and residents of Sark and Alderney are covered subject to some minor differences in processes due to differences in healthcare provision in each island. To access necessary healthcare whilst in the UK, Bailiwick residents should ensure they have documentation which proves their eligibility to access healthcare under the RHA e.g. a passport, driving licence or proof of address/travel. Detailed guidance documents which provide information for travellers can be downloaded from www.gov.gg/rha

Princess Anne Hospital

Confirmed Admission

Have you confirmed your admission?

If you need to cancel your admission for any reason let the ward staff know as soon as possible so that your bed may be used for another patient, a further date will be arranged for you.

Before you come in

On the day of your admission please telephone the ward to check the availability of a bed. This is most important, as most of the wards have to admit emergency cases that on some occasions are cared for in beds booked for routine admissions.

If you have any special needs, e.g. physical, visual, hearing, language, diet etc. please contact the ward or department you will be attending as soon as possible in order that every effort can be made to meet your needs.

Things to bring with you

- Your admission Letter.
- Name and contact telephone number of your closest relative or friend.
- Any pills and medicines you are taking (these must be given to the nursing staff)
- Comfortable clothes for bed and for day time, plus slippers or soft-shoes.
- Toiletries.
- Some small change (English currency) for newspapers, stamps, telephones etc.
- Soft drinks.
- Something to keep you occupied e.g. books, puzzles, knitting etc.
- 2 Towels.

Please avoid bringing valuables or large sums of money into the hospital, as responsibility cannot be accepted for their safety.

If you must bring in such items, give them to the ward sister or your named nurse when you arrive so that they may be put in the Cashiers' Office.

Parking at the Hospital

Parking space at the hospital is limited and you cannot leave your car there during your stay. If someone brings you they can park in paid car parks.

Disabled parking is available near all main hospital entrances.

Car parking within the hospital grounds is limited and at peak times it may be necessary to queue. The hospital suggests that you bear this in mind and allow yourself sufficient time.

When you arrive

The wards are signposted clearly and there are map boards in the grounds, if you are unsure of the way ask any member of staff for directions.

When you reach your ward a nurse or ward clerk will show you to your bed and help you settle in.

There are a few single rooms on the wards, but generally they consist of 4 or 6-bedded bays, the staff make every effort to keep these bays single sex, but this is not always possible. If you have any concerns about the arrangements, please speak to the ward sister.

There is a Guernsey Liaison Officer who is based at Southampton General Hospital who can be contacted about accommodation, travel arrangements etc.

Consent forms

The senior staff will explain any treatments proposed for you including the possible risks and alternatives. You will be asked to sign consent forms for operations or examinations under anaesthetic. Read it carefully and make sure you understand the information given to you. Ask any questions if you are unsure before you sign it.

Information for the family

With your permission, the Hospital will be happy to give your family and friends an indication of your progress in hospital although they limit the amount of information given over the telephone.

It helps the Hospital if you ask one relative or friend to ring the ward and then pass the information on to other family and friends.

Clinical Routine

Tests

Be prepared, you may want to find out about the preparation, procedures to be carried out, length of time they will take and results.

Surgery

You will need to see the anaesthetist, you may want to find out about preparation, time and length of operation, aftercare and recovery time.

Prognosis

- Your condition and the ongoing treatment you will need, understand the medication you are on and why you have been prescribed them.
- Any follow up treatment you will require and who will supervise it.
- Any local follow up treatment that will be required and that it has been arranged.
- Your capabilities.

Discharge

- Have sufficient prescriptions for your needs.
- Either a letter for your local GP or specialist.
- Check that clinical nursing care has been arranged locally.
- Obtain a contact telephone number for any queries or worries that you may have after leaving the hospital.
