

Support us to support others
by becoming a
Friend of Health Connections

Your donation will help us to connect others to support that matters to them

That could mean, keeping our directory of support up to date and trusted, a Health Connector researching and connecting people to support that matters to them, or a Transport Co-ordinator pairing a volunteer driver with a passenger who needs access to this support or one of our many projects like our Talking Café project or Community Connector training, that all aim to create a more connected community in the Bailiwick
