

# Accessible Beach Guide

Bays and Beaches which are accessible for wheelchair users

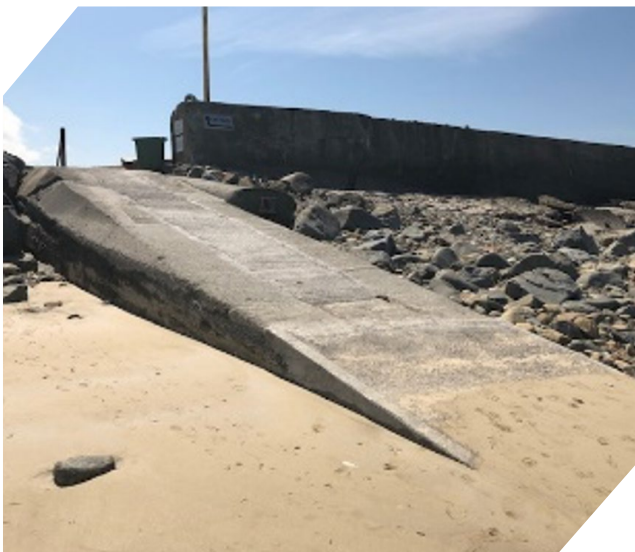

This guide is intended to give information about the beaches that are accessed by slipways, and also provide information about the facilities and parking near to that beach. It is recognised that not all beaches will be accessible for everyone, so the information provided in this guide should be used to review the access according to the needs of the individual.

## L'Ancrese / Prembroke

Vale

Large sandy beach with adjoining car parks and slipways at either end of the beach, providing access for wheelchair users. The Prembroke slipway is steep. Accessible toilets and a kiosk are situated at the beach house cafe on the western side of the beach. A beach wheelchair is sited here. See website for booking details.
